

Ms. Yang's Math Classes 2013/2014

Discussion Requirements

For Students:

- 1) Post questions or answers to the discussions forum through vln.ucourses.com
 - Do not let anyone else log in with your username
 - Do practice respectful behavior online
 - Remember to post the actual question in addition to quoting the page and number from the workbook
 - Do not post actual answers online, rather guide your classmates to the right answer
- 2) Post a minimum of 10 questions/answers over the course of the term:
 - This number will likely increase in 3rd term
 - You will post a minimum of 2 questions in December, 4 questions in January and 4 questions in February. Do not post your questions on the same day. Each date will count towards ONE post.
- 3) Online participation marks are as follows:

Grade Level of Math	% of the Term
8	10
10	7.5
11	5
12	5

For Moderators:

- 1) Do read all discussions posted. Report any inappropriate behavior (disrespectful posts, posting of final answers) to me immediately at msyangcares@gmail.com
- 2) If a discussion question posted is not answered within 2 days, do go ahead and answer it if you can
- 3) Do keep track of your hours (specifically, the exact dates and times you were providing moderator support) on a spreadsheet in Excel
 - I will set up a schedule where you can reserve the times you'd like to moderate so I will always know who should be moderating on any given day
 - A maximum of 2 hours per day can be claimed. This requires constant refreshing of the page to ensure all posts are seen.
 - A minimum of 2 hours a week must be "worked".
 - If your record-keeping has inconsistencies, you will be booted off the moderator team, and no service points will be awarded
